Wellness Center Class Schedule

September 2022

Class Descriptions

***Ai Chi:** This format is similar to Tai Chi, but it is performed in the swimming pool. This practice provides older adults with benefits in mental and physical health, mobility, and strength. **Benefits:** Strength, balance, and flexibility.

Aqua Arthritis: Aqua program that uses a variety of water-based exercises to increase physical activity among adults with arthritis. **Benefits:** Increased range of motion, muscle strength, endurance, improves day to day function, and increases self-confidence. Also, helps reduce fatigue, pain, and stiffness.

Aqua Zumba®: Perfect for those looking to make a splash by adding low-impact, high energy aquatic exercise to their fitness routine. Aqua Zumba blends the Zumba philosophy with water resistance. **Benefits:** There is less impact on your joints during class. Water creates a natural resistance, which means every step is more challenging and helps tone your muscles.

Chair Yoga: Move through seated and standing yoga poses to increase flexibility, balance, and range of motion. A chair is used to meet a variety of fitness levels.

***Fall Prevention:** Class length is 30-minutes. Program includes exercise routines, education and tips, and drills designed to help you reduce your risk of falling and improve quality of life.

***Guided Relaxation:** Class length is 30-minutes. This is time spent in private meditation while being guided into relaxation. **Benefits:** Positive thinking, Increased self-confidence, spiritual development, reducing stress and anxiety, overcoming depression, and more importantly, enjoying a relaxing experience. Class size is very limited and must sign-up in advance.

Sunrise Yoga: A gentler, less intensive form of yoga that is perfect for all fitness levels. **Benefits:** Flexibility, muscular strength, improves balance, increases coordination, reduces stress, and enhances feelings of well-being.

Toning: Light hand-weights are used to tone muscles, burn fat, boost metabolism, build strength, and increase bone density.

Water Works: Combination of strength conditioning and cardio work. **Benefits:** Strength, balance, and endurance.

Zumba® Fitness: We take the "work" out of workout, by mixing low-intensity and high-intensity moves for an interval-style, calorie-burning dance fitness party. Once the Latin and World rhythms take over, you'll see why Zumba® Fitness classes are often called exercise in disguise. Super effective? Check. Super fun? Check and check. **Benefits:** A total workout, combining all elements of fitness – cardio, muscle conditioning, balance and flexibility, boosted energy and a serious dose of awesome each time you leave class.

Zumba® Gold: Modified Zumba class that recreates the original moves you love at a lower intensity. The design of the class introduces easy-to-follow Zumba choreography that focuses on balance, range of motion, and coordination. Come ready to sweat and prepare to leave empowered and feeling strong. **Benefits:** Class focuses on all elements of fitness: cardiovascular, muscular conditioning, flexibility, and balance!
